## easy DaaS!

### DaaS = Device as a Service

Mobile Easykey can now also be rented. You pay a fixed agreed price for a fixed contract period. Which hardware or software version you use no longer matters. You simply choose a suitable package for you.

We'll take care of the rest. Only the installation of the hardware will be charged separately.

- ▮ No capital commitment
- ▮ No high one-off investment costs
- ▮ Liquidity is maintained
- ▮ Calculated rates offer transparency
- ▮ Always up-to-date hardware/software
- ▮ Term freely selectable from 12 months
- ▮ For any fleet size

### Costs

For example: with a fleet of 50 vehicles, the price for easy DaaS! One starts at 15 EUR per vehicle per month. With our calculator we can immediately determine a binding price for you.

[www.mobileeasykey.de/en/easy-daas-en](http://www.mobileeasykey.de/en/easy-daas-en)

Not included are one-off costs for installation or follow-up costs resulting from external influences such as damage caused by violence.

### The all-round carefree package at a fixed price

The monthly amount includes hardware, software, all maintenance and updates as well as the extensive services of the software maintenance contract, e.g.:

- ▮ Monthly function control of the software
- ▮ 2 x yearly support in case of server change
- ▮ Telephone support:  
On-call Monday – Friday, 7 a.m. – 5 p.m.
- ▮ Response time: max. 4 hours
- ▮ 10 % discount for trainings

### The packages

The base with administration of vehicles and users and all counters for an informed analysis of the fleet

Additionally with Event Tools and Crash Sensor

Additionally with three-stage Crash Sensor and FFZ-KPI

Additionally with sensors for battery, load and indoor positioning
