- Zone control (2027)
- Fleet analysis

AI based *personal protection*

New safety features: AI detects dangers before anything happens

With its new embedded AI camera, Mobile Easykey is expanding its modular portfolio to include intelligent security technology that recognises people, assesses distances and responds in real time – for example, through light signals or automatic speed reduction.

- ✓ Distinguishes people from other obstacles in real time
- ✓ Warns of collisions
- ✓ Suitable for harsh environments
- ✓ Customisable detection zones
- ✓ Warning mechanisms
- ✓ Flexible integration into the vehicle
